A U.S. Army veteran who served more than four years as a medic, Keith moved into his Habitat home with his two children in the fall of 2015. Keith was honorably discharged from the Army due to an accident he sustained that left him disabled. Because of the Habitat Kent Veteran Build, Keith was able to buy a home where his family can flourish. “Habitat is a great program and I’m blessed to be in it,” Keith says. “They give something to help you, but at the same time you have to be willing to go out and learn how to take care of it.”

The Habitat Kent Veteran Program not only provides affordable, safe housing for veterans, but it also includes a Vet-Hats volunteer program that brings together veterans from all four U.S. military branches to work on home builds and repairs. “Habitat’s help toward veterans means a lot,” Keith adds. “It’s an amazing act of saying thank you.” Keith now resides in his new home with his daughter and son, providing stability for the future. “They have a house to grow in. And with the way it’s set up, I’m in a position to take care of them for the long term.”
“every neighborhood needs affordable housing because it is critical to its survival.”

listening to neighbors

Listening is critical in any good relationship. At Habitat Kent, listening is the first step to any new project. At the same time, we also keep in mind the assets, culture and vision that are unique to each neighborhood. Through listening and collaboration, we can connect homebuyers, residents and community partners to resources that help leverage their strengths for transformative change.

Habitat Kent’s membership in the WestSide Collaborative is an important vehicle for listening as we work on the west side of Grand Rapids. In the past two years, our partners in the WestSide Collaborative have connected us with potential homebuyers and partners for repair projects, supported Habitat Kent’s beautification blitz on National Street and repurposed a vacant lot as a community garden for neighbors. Most importantly, as one of 14 member organizations in the WestSide Collaborative, Habitat Kent is helping to elevate the voices of neighbors and to build on the strengths unique to the west side of Grand Rapids.

equipping neighbors

Thanks to a grant from Lowe’s, in 2015 Habitat Kent offered its first curb appeal contest to the residents of the Roosevelt Park neighborhood. One hundred neighbors signed up to compete, with each receiving a $100 Lowe’s gift card to beautify the exterior of their home. Neighbors painted, planted and made repairs to their homes, and winners were announced at the annual Family Fiesta in Roosevelt Park.

Thanks to tremendous interest from Roosevelt Park neighbors and another grant from Lowe’s, the competition will be open to as many as 250 neighbors in 2016.
